SAINT PATRICK, Bishop, Missionary

Saint Patrick is the patron saint of Ireland. Saint Patrick was kidnapped as a teenager and brought to Ireland as a slave. Later he escaped, returned home, and became a priest. He returned to Ireland as a missionary and bishop. Saint Patrick's faith in God was strong, and he knew he could keep going "spreading God's name everywhere with confidence and without fear." Patrick used a shamrock to explain the trinity and convert thousands with his quiet unassuming manner and gentle way of speaking. By the time he died in 461, Patrick had converted virtually all of Ireland to Christianity and he is a reminder that God speaks to others through each of us.

HISTORY OF SAINT PATRICK CATHOLIC SCHOOL

Fr. Smulders started the first school in the old log church in 1848. In 1867, a combination school/convent building was erected. In January 1868, three Immaculate Heart of Mary (I.H.M.) sisters arrived from their motherhouse to service the spiritual and education needs of our youth.

The school/convent structure was replaced with separate convent and school buildings in 1909. A school fire on May 30, 1926 destroyed this school. Another school was immediately erected on the foundation of the one which had been burned. This school now holds the kindergarten, grades one thru four, our science lab, school library and teacher resource room.

As the school's enrollment increased, a second building was erected in 1955. This building presently houses our three and 4 year old Pre-School classrooms, Latchkey, the Father Smulder Multi-purpose room as well as grades five thru eight, the school office and the parish office..

The last teaching IHM sister, Sr. Marge Fogarty, left Saint Patrick School in 1994. The last religious principal, a Sister of Saint Joseph, Sr. Jeanne Lenore Twomey, retired in 1998 and for the first time a completely lay school staff worked under the direction of the pastor. Mrs. Ruth Meiring became the first lay person to serve as principal.

On July 1, 2013, Saint Patrick Parish - Carleton and Saint Joseph Parish – Maybee merged and became Divine Grace Parish. Saint Patrick School now operates in conjunction with Divine Grace Parish administration.

In 1995 Saint Patrick School was awarded accreditation from MANS (Michigan Association of Non-public Schools). In December 2007 a MANS site team visited our school and it was approved for renewed accreditation. Our school continues to be monitored through this association with the submission of annual school improvement plans to document school compliance with all regulations and continued school improvement achievements.

The latest MANS accreditation renewal included an on-site visit from the Archdiocese of Detroit was completed in May 2015.

In 2017, Mrs. Ruth Meiring retired after serving Saint Patrick School as a classroom teacher and principal for 20 years. Carl Lenze, the first male principal took over leadership from Mrs. Meiring in 2017.

Through the many years of growth and continual change, Saint Patrick School stands firm as a living testimony to the love of Jesus Christ and the generosity of the community that supports us.

(Archdiocesan Policy #5002)

The following items need to be presented before registration is completed:

- Baptismal certificate or facsimile copy,
- Certified Birth Certificate (appropriate guardianship papers where applicable),
- Health information with up to date physical-verified immunization records including health appraisal and vision, and
- Signed release to obtain school records from a previously attended school.

ARRIVAL AND DISMISSAL ROUTINE:

- **Parents dropping off or picking up K-8 students** are to use the gym parking lot. K-8 students should **NOT** be dropped off in front of the primary building or the horseshoe driveway.
- **Parents dropping off Pre-K students** may use the parking lot in front of the primary building. Cars should enter and exit using the horseshoe driveway for drop off and pick up.
- If there is a medical need that necessitates special accommodations for your child in regard to arrival/dismissal, contact the school office.

Morning Drop-Off:

The North drive lane (drive furthest from the gym) should be used for K-8 drop-offs and pick-up. Form one lane and circle around the outer edge of the lot to the drop-off area located by the cement walkway by the gym. If you are going to exit your car in the morning, for any reason, or your child needs extra time to collect his/her things, please pull over into a parking spot. Parents should not park in the area between the electrical pole and dumpster to avoid congestion. Students are not to be dropped off before 7:15 a.m. Extended Day is available in the morning between 7:00 – 7:15 a.m. Those utilizing extended day should proceed to the Gym. Students need to be registered in the Extended Day program to utilize this service. Students who arrive after 7:30 a.m. should stop at the office for a tardy slip before going to their classroom.

Afternoon Pick-up:

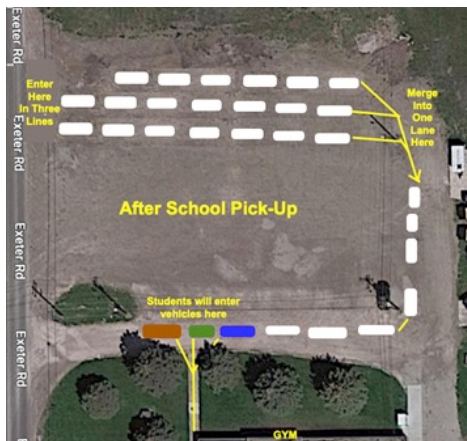

The North drive lane (drive furthest from the gym) should be used for K-8 pick-up. At pick-up, parents enter gym lot in two rows. Cars then merge as they turn near ballfield forming one line along ball field. Three cars at a time will pick up children in the pickup area as directed by staff. When signaled by the teacher, cars will exit the lot onto Exeter Road.

Dismissal time is 3:00 p.m. Students exit as a class from the school buildings and will wait in the gym with their class to be called forward when your car reaches the “pick-up area”.

Cars should only move as directed by staff.

If an emergency detains you, the office should be contacted regarding your situation. Any student still waiting for a ride will be brought into the school office by the supervising staff.

When your child is going home in a different manner, i.e., using bus, or with a friend, or grandparent, uncle or aunt, you must send a note to your child’s teacher or call the school office. If there is no note or phone call, the child will be sent home in the usual manner. Students remaining after 3:00 p.m. for sports practice/event are not the responsibility of the school. If time lags between the time school lets out and practice begins, parents/coaches are responsible for making supervision arrangements for that interim of time. Contact the school office for information regarding Extended Day services that are available.

CURRICULUM:

Saint Patrick School offers an academic program that provides a gradual coordinated and personalized process of learning. The faculty’s daily commitment is toward enabling the individual student to become a well-educated and integrated Christian in an educational environment which fosters faith, knowledge, and service.

Saint Patrick School carefully follows the curriculum guidelines laid down for elementary schools through the Archdiocese of Detroit (www.aod.org) and National Standards and Benchmarks for Effective Catholic Elementary and Secondary Schools. Additional information can be found at the www.catholicstandards.org.

Alongside these curriculum guidelines, Saint Patrick School incorporates the modality of the Institute of Catholic Liberal Education, of which we are a member school. Our curriculum aims at directing students toward that which is True, Beautiful, and Good. The intention is to teach students “how to think” so that they will think truly, and act rightly – This was the goal of the ancient Romans, and the Greeks. It was the educational model of the Christians of the Middle Ages, and of the founding fathers of the United States of America.

Religion curriculum uses the guidelines found in the Archdiocese of Detroit Religion Standards for each grade level.

Saint Patrick is fully accredited with MANS (Michigan Association of Non-Public Schools) and teachers have and/or work toward certification through the State of Michigan.

Saint Patrick School curriculum includes Religion, Grammar, Math, Latin, History, Geography, Science, Literature (Reading), Spelling, Writing, Vocabulary, and Cursive.

To this curriculum Saint Patrick School provides Art, music, physical education, and technology provided by Airport Community Schools.

Goals and Objectives for Curriculum Program:

- **Spiritual Development** – To provide a Christian learning environment and develop students' understanding and love of Christ, self, and others throughout a lifelong journey of faith.
- **Intellectual Development** – To create an opportunity for each student to develop his/her full potential as a lifelong learner.
- **Academic Excellence** – To provide each student with the opportunity to strive for academic excellence.
- **Emotional Development** – To provide a Christian learning environment which promotes healthy emotional development.
- **Moral Development** – To provide a Christ centered development, based on the principles of the gospels, to enable the formation of conscience.
- **Social Development** – To assist each student in developing personal relationships and the ability to appreciate diverse views, approaches, and cultures.
- **Physical Development** – To provide students with opportunities for, and an understanding of, the need for physical well-being.
- **Aesthetic Development** – To strive to provide each student with an understanding of, as well as opportunities and means of expressing aesthetic creativity through the arts.

Teachers are committed to using best practices in education and employ a variety of techniques in classroom instruction. Subject areas are often combined into an integrated unit of study.

COMMUNITY SERVICE:

In keeping with the school philosophy, we acknowledge our responsibility to help those who are less fortunate than us. As a result, Saint Patrick School promotes participation in community service activities. Many opportunities are provided on a school wide as well as classroom basis for involvement in community service projects. Seventh and eighth grade students are required to complete ten service projects before receiving the Sacrament of Confirmation. The religious education director will assist the students in fulfilling their requirements for Confirmation.

A before and after school extended day program is available for K-8 students who attend Saint Patrick School. Regular hours for this program are 6:15 – 7:15 a.m. and 3:00 – 6:00 p.m. Registration and other information are available in the school office. There is a \$35 registration fee. FUND RAISERS:

In order to reduce the cost of tuition, Saint Patrick School has several fund raisers in which parents are encouraged to participate in each year. Our major fundraisers are the Scrip program, annual auction, a rummage sale, the alumni appeal various and the Divine Grace Parish Festival. GRADING SCALE (Grade K-2)

Students in grades K-2 will use the standard-based report card with: P-Proficient, D-Developing, N-Needs Support

GRADING SCALE (Grade 3-8):

Letter grades are given a point value. To figure your child's GPA add together each of their letter grades using the following point value system given in the table above. Divide by the number of subjects that were added together and the resulting number will be your child's overall GPA.

Letter Grade	Percent	Honor Points	Comment
A	93-100	4.00	Superior Work
B	83-92	3.00	High Quality Work
C	72-82	2.00	Satisfactory Work
D	60-71	1.00	Unsatisfactory Work
F	0-59	0	No Credit
CP	Continuous Progress		Lower than grade level (not a failure)
I	Incomplete		Additional work must be completed before a letter grade is given.

GRADING SYSTEM:

Age-appropriate grading formulas are used throughout the school. Teachers will provide an overview of the grading system particular to their grade level.

Report Cards are specifically designed for the needs of each grade level. The amount of class material mastered by the student during a particular quarter is shown by letter grades and check marks. Conduct and effort is shown by satisfactory (S), needs to improve (N), and unsatisfactory (U).

Report cards are distributed as follows at the end of each Quarter (See the School Calendar for dates.)

Progress reports: Academic progress reports are available at any time using the FACTS online service. Progress reports when needed are given at the midpoint of each quarter for students in grades K-8. These reports serve as an indication of the performance of the student thus far. Parents should contact the teacher(s) with specific questions or concerns.

HOMEWORK:

Homework helps develop good habits and a sense of responsibility. Homework may be of a written, research, or review type work. It is expected to be complete, accurate, neat, and prompt. Each teacher will distribute and post a homework policy at the beginning of the school year. Parents play an important role in establishing the proper conditions of quiet, consistency in time, and place of study. Parents are encouraged to inspect the student's work before it is returned to school. A busy schedule should not be a continuous excuse for incomplete homework assignments. Suggested length of time spent on homework is as follows:

Kindergarten	15 minutes	Gr. 5-6	60 minutes
Gr. 1-2	30 minutes	Gr. 7-8	90 minutes
Gr. 3-4	45 minutes		

LITURGY AND PARTICIPATION IN RELIGIOUS ACTIVITIES:

All students, Catholic and non-Catholic, who attend Saint Patrick School, are expected to participate fully in the religion classes, liturgical and para-liturgical programs. Students attend Mass most weeks on Friday at 11 a.m., First Fridays, and Holy Days. Parents and friends are encouraged to come and pray with us at Mass and other liturgical celebrations. Students are also expected to attend Sunday Mass with their families as regular participation in community worship is a vital part of our Catholic faith.

MUSIC CONCERTS:

Students in all grades participate in a winter and/or spring concert directed by our music teacher. It is expected that students be in attendance for these scheduled performances. A student not in attendance may be required to submit a written assignment that will be completed under the direction of the music teacher and/or principal.

PARENT-TEACHER COMMUNICATION:

Parents and teachers work together as partners for the well-being of our students. Parents are encouraged to be in close contact with school personnel, especially in terms of questions or concerns about student progress. The overall goal of an excellent educational experience is only attainable through teamwork. Teachers will send home information packets as needed. Parents are asked to schedule any and all conferences in advance with staff and administration. **Ordinarily, teachers cannot be called to the phone during the day nor should they be called at home unless requested by the teacher to do so.** Messages may be left for the teacher at the office. All teachers have an email address posted on the school website for communication. The school utilizes a student web-based management system that allows parents access to student grades and a class website.

When parents receive a note regarding conduct or work, it is expected that the parents will respond promptly by communicating the plan of action that will be taken to help remedy the situation. When parents contact teachers or the school office with notes, permission slips or other communication, please be sure they are in a sealed envelope labeled with correct identifying information.

Formal Parent/Teacher Conferences are held at the end of the first quarter in November. Conferences may also be requested by the parent/guardian, teacher, or administrator at any time. An appointment can be arranged with the teacher by leaving a message with the school secretary or contacting the teacher. All teachers make their own appointments.

PRESCHOOL:

A three- and four-year-old preschool program is available at Saint Patrick School Monday - Friday. Registration and other related information are available in the school office.

PROMOTION AND RETENTION:

To promote or retain is a critical decision involving parents/guardians, teachers, and administrator. Careful consideration of all aspects will be weighed for each individual case.

When retention is being considered, parents will be notified well in advance before a final decision is made. When cooperative efforts to improve the child's performance have failed, careful evaluation of the best opportunity for the child's success may indicate the need for evaluative testing through the public schools or a private firm, or as a last resort, non-promotion. The judgment to promote or retain is made by the school, in consultation with the parents.

Students in grades K-3:

Students may be retained if basic reading and math skills have not been mastered. In consultation, the teacher, principal, **and parents** make the decision.

Students in grades 4-8:

Failure in three major subjects can result in retention. In consultation, the teacher, principal, **and parents** make the decision.

SACRAMENTS:

- Second graders receive the sacraments of Reconciliation and Holy Eucharist for the first time. Reconciliation occurs in winter and First Communion in the spring.
- Eighth graders are given the opportunity to receive the sacrament of Confirmation each year in the spring.

Receiving sacraments are significant events in a young Catholic's life. Students are not required to receive any sacrament. Students who do not receive the sacraments at the times designated for their class may prepare individually. Those who prepare individually for a sacrament will need to plan with the pastor. Students attend Mass weekly and can receive the sacrament of Reconciliation during the school year.

SCHOOLWIDE REWARDS:

Each month, beginning in September, an academic content area will be chosen for recognition at the Student of the Month Assembly. One student will be chosen from each K-8 class for effort or academic achievement in the selected area.

A Principal's Award will be given to one student at each grade level at the Student of the Month Assembly. Students are eligible to have their name selected if they have not had any behavior problems at lunch/recess or in other areas outside of the classroom.

SPORTS ELIGIBILITY IN RELATION TO ACADEMIC ACHIEVEMENT:

- All Students participating in a sport who attend Saint Patrick School must maintain a C- average in the six major subjects. This is the average and not the individual subject grade. (i.e.: A grade of “D” in Math will not be cause of probation if the average of the other subjects brings the overall grade at or above the C- level.)
- Eligibility reports are to be made twice each quarter – at the time of report cards and at mid-quarter.
- The six major subjects are defined as religion, reading, science, English, math, and social studies.
- The probation period shall be at least one (1) week and longer if needed. Participation in CYO and non- league games is not allowed. Players on probation are encouraged but not required to attend practice. Players and parents must realize that missing practice may influence a player’s ability to contribute upon return to the team. Attendance at games in uniform is required.
- Eligibility reports will be circulated on a two (2) week basis. This allows a student to raise his/her average during this period. Only one (1) week of this period is spent on game probation. The student may play during the second week.
- If at the end of the two (2) week period a student has not improved the GPA to the “C-” level, a conference with the parents will be scheduled to define the problem. During this conference a decision will be made regarding an individual’s continued participation for the current season. No student will be removed from a team due to academics without a conference unless a parent elects not to agree to a conference. If this situation arises, the student will be on probation until a meeting is arranged.
- Every effort will be made through the normal progress reports to inform parents that a student is in jeopardy. Parents are asked to monitor their children to understand if and when a problem arises.
- The school and the Athletic Department have no jurisdiction over students in schools other than Saint Patrick and attempts to monitor grades is an invasion of their rights. We can only request that parents of these players hold academics in high regard and enforce their own set of values which require acceptable levels of scholarship during periods when they participate in athletics at a school other than their own.

SPECIAL SERVICES:

Some services are provided through the Monroe County Intermediate and Airport School Districts such as speech pathologist, teacher consultant for visually impaired, orientation and mobility specialist, physical therapist, occupational therapist, academic testing, and psychological testing. You may contact the school for further information.

SPECIAL SUBJECTS (Exploratory Classes):

Saint Patrick School collaborates with Airport Community Schools to provide exploratory classes each year such as art, music, computer skills and technology, and physical education.

STUDENT COUNCIL:

The Student Council consists of students in grades 3-8. All students submit their names in writing to their classroom teacher. Students will vote and select two representatives for their grade. A president and vice-president will be selected by grade 3-8 student vote. Voting will be done at the beginning of each school year.

TESTING:

As a matter of educational policy, standard achievement tests are administered. Archdiocesan directives and guidelines concerning testing are followed. The principal and teachers review test results for instruction and curriculum improvements. Individual results are provided to the parent/guardian.

The aims of standard achievement tests are:

- Assess the quality and effectiveness of the total instructional program in the school.
- Obtain reliable information about the pattern of growth of individual students.
- Aid teachers in diagnosis and prescription for individual students.
- Aid guidance counselor in the placement of students for ninth grade as well as into another grade/course placement.

The High School Placement Test is available each year for all eighth-grade students at the various Catholic high schools.

The Star Renaissance Test will be given will be given in September, January, and May to grades K-8.

For a student to receive special accommodations for any standardized test administration, the school must receive written recommendations for accommodation in an Individual Service Plan or profile developed by a qualified specialist. This documentation must be part of the student’s CA-60 file. Only those students whose parents/guardians have given written consent can receive accommodations.

SECTION C – RULES AND POLICIES

ABSENTEEISM AND ATTENDANCE:

Regular attendance at school without excessive absenteeism or tardiness is clearly very important to the educational process for the student as well as to the development of appropriate lifelong work habits. When a student is ill, parents are to call the school office before 8:30 a.m. to report the absence. If calling before school hours, a message may be left on the school answering machine. Requests for homework should be made at that time. Any assignments or books requested for an absent student will be available in the school office after 2:30 p.m.

A dated and signed written excuse giving the reason for the absence should be presented to the classroom teacher when a student has been absent. Excuses should state the reason for the absence. Excuses are also necessary for early dismissal, an appointment, and tardiness. If a student is out for an extended absence (over 1 week), a note of explanation from the doctor is necessary. If a student is late for school, he/she should report to the office before going to the classroom.

Parents are discouraged from taking their child out of school except for family emergencies or doctor appointments. Doctor or dentist appointments will be considered an excused absence if the child returns to the school with a note that is given to the office.

By law, each parent/guardian is responsible to see that any child in his/her charge ages 6-16, is in continuous and consecutive attendance in either a public or non-public school. Since regular attendance is necessary for academic progress, students are expected to develop habits of prompt and regular attendance. The school reserves the right not to assign a grade when a student is absent for twelve (12) or more days in a quarter. An incomplete (I) may be assigned until the work is completed. (Archdiocesan Policy #5003)

ABSENTEEISM AND ATTENDANCE FOR SPORTS ELIBILITY:

A student involved in sports must be in school at least one-half day to participate in practice, and at least one-half day in order to participate in an athletic event. One-half day is defined as three and one-half hours. A student who believes he/she has a special situation must have the approval of the Principal/Athletic Director to have his/her absence considered excused.

ABSENTEEISM AND ATTENDANCE FOR END OF THE YEAR AWARDS:

For end of the year awards, attendance honors will be awarded to students who have been in attendance every school day for at least half of the school day. For attendance honors, the student will receive an excused absence if he/she is in attendance at least half of the school day, has a signed and dated note from the parent or guardian requesting early dismissal (stating time and reason). Acceptable reasons are limited to dental/doctor appointments, funeral, or family emergency.

ABSENTEEISM AND STUDENT MAKE-UP ASSIGNMENTS:

Teacher instruction is imperative for student understanding. Students are given ample time to make up work upon their return to school. Returning students must check with the teacher to be sure they have received all their missing assignments. Assignments are to be completed and turned in within the same number of days absent (i.e. If absent five school days, he/she then has five school days to make up the work). Student/parent should plan with the teacher for any missed testing. All missing assignments and tests are the responsibility of the student.

All work not turned in will be averaged into the student's grade as zero(s). Failure to complete work will result in a lower grade or failing grade.

Because regular school attendance is very important, families are not encouraged to vacation during the school year. However, if necessary, please note the following:

- Assignments will not be given in advance.
- It is the student/parent's responsibility to obtain a list of missed work upon their return.
- Completed work must be in compliance with the absentees as stated above.
- Final exams/report cards/awards will not be given in advance.

ACADEMIC HONESTY:

Students are expected to act in a way that reflects strong Catholic-Christian values. Plagiarism and other forms of cheating will be disciplined by school official

APPOINTMENTS/EARLY DISMISSAL:

At rare times when a student is required to leave class early due to an emergency or doctor appointment, the parent is to send a signed and dated written notice to the teacher. The parent meets the student in the school office and signs him/her out. For early dismissal, a parent reports to the office to check his or her child out. No student will be released to anyone except the legal guardian, or a person listed on the emergency form. Should a student be returning to school after an appointment, the student and/or parent must come to the office to sign back in. This is for the security of all children and is less disruptive to classroom instruction time.

CHILD ABUSE AND NEGLECT: State law requires designated persons including school administrators, school counselors, teachers, social workers, and members of the clergy having reason to believe that a child under the age of eighteen years has been abused or neglected, must report the matter promptly to the Michigan Department of Human Services Central Intake Office.

“Child abuse” is defined as harm or threatened harm to a child’s health or welfare by a parent, legal guardian, teacher, teacher’s aide, clergy, or any other person responsible for the child’s health or welfare through non-accidental (i) physical or mental injury; (ii) sexual abuse; (iii) sexual exploitation; or (iv) maltreatment. “Child neglect” is defined as failure to provide adequate food, clothing, shelter, or medical care.

Within seventy-two hours of making the initial oral report, the reporting person must also file a written report with the FIA. This report must contain the name of the child and a description of the suspected abuse or neglect. If available, the report should also contain (i) the child’s age; (ii) name and address of the child’s parents/guardians and/or person with whom the child resides; and (iii) any other information available to the reporting person identifying the cause of the suspected abuse or neglect and the manner in which the abuse or neglect occurred.

A written report must be mailed to the Michigan Department of Human Services Central Intake Office and a copy of the written report will be faxed and mailed to the Policy Delegate for the Archbishop (Archdiocese) and the attorneys for the archdiocese.

An individual reporting suspecting abuse to the Michigan Department of Human Services Central Intake Office should notify the principal or designate of the report. Note that an individual’s internal report to the principal or pastor does not abrogate the individual’s legal obligation to report. (Archdiocesan Policy #5004)

The Michigan Children’s Protective Services (CPS) program is responsible for investigating allegations of child abuse and neglect. To report abuse and neglect call the state hotline at 1-855-444-3911 which is available 24 hours a day. Persons reporting child abuse cases are granted anonymity.

COLLECTION OF MONEY:

Money may not be collected from the students for parties and other activities without the permission of the principal. Any money sent to the school should be labeled in a sealed envelope with the child’s name, grade, and purpose of the money being sent (i.e. field trip, hot lunch, etc.)

CONFLICT-RESOLUTION POLICY:

The authority to suspend/expel is reserved to the principal with the right of local appeal available to the Pastor by the student or parents. The procedure is as follows:

- The unacceptable behavior is identified as such and communicated to the student and to the parent.
- The student is given reasonable opportunity to improve.
- At the time when unacceptable behavior occurs again, the student will be suspended from class/school until the student/teacher/principal conference can be arranged. Parents will be notified immediately of suspension. During the time of suspension, the school will make provision for the continuance of the student’s academic program.
- The reason for suspension/expulsion, the substance of the conference, and the decisions arrived at will be put in written communication to the parents and a copy filed in the school office.

DANCES: Students in grades 7 and 8 may attend dances held at Saint Patrick Catholic School. Monroe Vicariate Catholic Schools will also invite our students to attend their dances. Any student who attends the dances must sign and have on file in their school, a copy of the Monroe Vicariate Dance Guidelines. Students and parents will be held accountable according to these guidelines. Students who attend any Monroe Vicariate dance must show their school identification card to be admitted.

DRESS CODE:

The Dress Code is designed to promote an atmosphere of class that is conservative and conducive to learning. Clothing should be neat, clean, modest, and tasteful always. While some unacceptable items are specifically mentioned, this is for clarification and is not intended to be all-inclusive. The school administration will make the final decision on appropriate clothing.

Students begin wearing their uniforms on the first day of school. Dates when students may wear other attire than the dress code will be provided in writing through the yearly or monthly school calendar, the school newsletter, or a classroom letter. The dress code applies to field trips unless otherwise specified. Scout uniforms are not worn unless it is a troop meeting immediately after school on the parish campus. Students who participate in sport teams may not wear their sport tops on game days.

FALSE FIRE ALARM, BOMB THREAT, OR TAMPERING WITH FIRE ALARM SYSTEM:

Unless an emergency exists, a student will not intentionally sound a fire alarm or cause a fire alarm to be sounded, nor will a student falsely communicate or cause to be communicated that a bomb is located in a building or on school property, or at a school related event. These acts are prohibited, irrespective of the whereabouts of the student. A student will not destroy, damage, or otherwise tamper with a fire alarm system in a school building.

If a student enrolled in grade six or above makes a bomb threat or similar threat directed at a school building, other school property,

or a school related event, then the school shall suspend or expel the student from the school for a period of time as determined at the discretion of the school. (Archdiocesan Police #5007)

FIELD TRIPS:

Field trips of educational value are planned for each grade. Students must return their Medical Treatment Release Form and parent permission field trip form, signed by their parents, to the homeroom teacher before being able to participate in a specific field trip. No handwritten permission slips will be accepted. A new field trip form must be filled out if there are any changes, as a form becomes invalid if it is altered. Students who do not have parent/guardian approval for participating in a class field trip must attend school during regular school hours for the given day.

Students will be excluded from a class trip if there is any doubt on the part of the supervising teacher, in consultation with the principal, that they will not be able to assume personal responsibility for representing themselves and Saint Patrick School in a positive manner. Students will jeopardize participation in future class field trips by giving evidence on any class trip of poor conduct or lack of respect or cooperation.

Siblings may not attend field trips, as parent chaperones need to give their full attention to the school children in their care. Furthermore, siblings are not permitted to ride any bus providing transportation for Saint Patrick students.

FIELD TRIP CHAPERONES:

At times adults are needed to supervise the behavior of our students at social gatherings or on field trips. We are grateful to those adults who are willing to serve as a chaperone so these special events can take place. A chaperone needs to model correct behavior and abide by school rules and any special rules set up for that event by the teacher or facility being visited. Chaperones should stay with their assigned group to supervise students' safety and behavior and be available to assist in any unexpected student needs. Chaperones are expected to monitor student behavior and remind students of appropriate behavior if needed. Chaperones are encouraged to address specific concerns to the supervising teacher(s). When bus transportation is being provided, chaperones are expected to ride the bus with their group. It is important that chaperones have their group in the correct location at the assigned time.

FIELD TRIP VOLUNTEER DRIVERS:

Many field trips require the use of volunteer drivers and private passenger vehicles. Drivers must be over twenty-one years of age and are required to complete a Volunteer Driver Information Sheet and provide proof of insurance at least one week prior to driving students on any field trip. This form is available in the school office or on the school website and needs to be completed annually when there are any updates or changes in the policy or coverage dates during the school year. A copy of the driver's license and auto insurance policy are required to be kept on file with this form. The minimal, acceptable liability for privately owned vehicles is \$250,000/\$500,000. It is recommended that parents carry expanded coverage of \$500,000 CSL. The additional coverage is considered appropriate protection and, generally, is inexpensive to purchase. Vehicles being used must have a working seat belt for each student transported in the vehicle. It is the responsibility of the driver to be certain that students are properly buckled whenever the vehicle is in motion.

While driving, it is preferred that you leave the radio off and avoid playing music. If you choose to play music, refrain from playing music or radio stations that others may find offensive and do not promote Christian values. Unless enough chaperones or drivers are available, the trip will not take place. It is the responsibility of the volunteer driver to make sure each student is properly buckled and complies with State booster seat regulations whenever the vehicle is in motion. Children are to be properly buckled in a car seat or booster seat until they are eight years old, or 4 feet 9 inches tall. Children must ride in a seat until they reach the age requirement or the height requirement, whichever comes first. (Archdiocesan Policy #6002)

DISCIPLINARY ACTION:

The conduct code prohibits students from engaging in behavior that will endanger or threaten to endanger the safety of others, that will damage property, or that will impede the orderly conduct of the school program. Hopefully, the occasion to impose serious penalties will rarely, if ever, occur. However, if flagrant violations of school regulations take place or if repeated indifference to correction is demonstrated, appropriate disciplinary action will be taken, including possible suspension or expulsion. Offenses warranting such penalties would include, but not be limited to:

1. Smoking, vaping, drugs, or drinking alcoholic beverages on the school premises at any time.
2. Stealing, cheating, foul language, fighting, or any similar unbecoming conduct: any behavior that is detrimental to the good health or welfare of others.
3. Deliberately destroying or damaging school property.
4. Insubordination (e.g. verbal abuse to principal/teacher).

Such offenses are prohibited whenever and wherever they occur, whether that be on school grounds or on school buses or during school sponsored field trips or in connection with school related events and activities or directed against students in route to or from school or done with intent to disrupt or impede the orderly conduct of any school activity. Student actions directed against any person, whether adult or minor, on school property or at any location where a school related event or activity is held, shall be disciplined in the same manner as if the action had been directed against school staff or students.

Disciplinary action shall be applied with care and reserve. In every disciplinary action, the school shall use its published discipline code, which is in accordance with the Archdiocese of Detroit School Policies and Rule Manual.

The published discipline code will be used as the first point of reference for each disciplinary action taken by the school. In taking disciplinary action toward a student, the principal, teacher, monitor, or other appropriate staff member will take into consideration the seriousness of the offense, amount of harm or danger to person, property, and the frequency of inappropriate behavior.

Conduct Referral:

Conduct referral is direct notification or communication to the home which informs the parent/guardian that the student is not following established guidelines at school and/or school sponsored activities. Parent/guardian is expected to discuss the incident with the child, sign the form, and return it to the teacher the following day.

Corrective Action Plan:

Corrective Action Plan is a document written by a staff member which specifies which steps will be taken in order to help a student overcome inappropriate behavior. It is signed by the student, parents, and staff member.

Disciplinary probation:

Disciplinary probation is a specified period in which a student is given the opportunity to prove that he or she will comply with school rules and regulations. During this period, the student attends regular classes and school activities.

Exclusion:

Exclusion is the temporary removal of a student from classes, lunch privileges, and school sponsored activities. Student is provided a place in school, and supervised, so he or she can keep up with class work and have lunch. The severity of the offense will determine if the student can submit work for credit and/or take tests. At this time, the student is also excluded from ALL school activities. In-school suspension is included in this category.

Detention:

Detention is a school wide discipline tool used to handle repeated or major classroom problems or problems outside the classroom. Detentions will be served with a teacher either before or after school. Parents will be notified before a student serves a detention. A detention may be rescheduled because of illness or previously scheduled medical appointments. Absolutely no exceptions will be made for athletic practices or extracurricular activities.

During detention, the student sits quietly and may not do homework or other activities. Detention times are as follows: Grades 1-3 fifteen (15) minutes, Grades 4-5 thirty (30) minutes, grades 6-8 forty-five (45) minutes).

Suspension:

An in-school suspension means that the student will spend a half or full day in a supervised room in the school building. An out-of-school suspension means that the student will serve the suspension at home. Suspension is the temporary dismissal of the student from school. Decision to suspend shall follow only after other means of motivation have failed and/or attendant circumstances necessitate this extreme disciplinary action. All class work, quizzes, tests, etc. given at this time will not be credited although the work must be completed and turned into the respective teacher(s) before the student will be allowed to return to class. The student is also suspended from all school activities.

Expulsion:

Expulsion is the permanent dismissal of a student from the school. It shall be implemented either after repeated attempts (including suspensions) to correct serious violations of the school code of conduct have failed and/or when the offense demonstrates extreme non-compliance with school rules/state law. When a student is suspended or expelled, he or she may not participate in any school related functions after school. This includes dances, sports, practices, etc.

Communication between the school and parent(s)/guardian(s) of any student involved in any disciplinary action will occur.

Disciplinary action forms may be completed and temporarily placed in the student's file. At the time of withdrawal or expulsion, the form is removed before the records are transferred. In cases of expulsion, the Office for Catholic Schools should be notified by the principal. (Archdiocesan Policy #5006)

ELECTRONIC COMMUNICATION DEVICES:

For the purpose of this document "Electronic Communication Devices" refers to, but is not limited to, the following items: cell

phones, smart watches, radios, cameras, recorders, Game Boys, beepers, electronic games, MP3 players, iPads, tablets, smart watches, and other personal data assistants. "Electronic Communications Devices" does not refer to any devices, such as Chromebooks, provided by the school to the student for education purposes.

If a student possesses an electronic communication device, it must remain turned off and left in his/her book bag, in her/his locker at all times. Cellular phones are not permitted anywhere else in the school building, parish grounds, buses, or on field trips. Electronic Communication Devices are not permitted anywhere else in the school building, on parish grounds, on buses (provided by Airport Community Schools and/or St. Patrick School), or on field trips, before, during, or after school.

If a student owns an electronic communication device with photographic or video capability, he/she is not allowed to video and/or take pictures in the school building, on parish grounds, on buses (provided by Airport Community Schools and/or St. Patrick School) or on field trips, before during, or after school.

Use of an electronic communication device will result in disciplinary action which may include detention, suspension, expulsion, and/or appropriate legal action. The electronic communication device will be kept in the school office until parent notification and arrangements for the return of the device are completed.

- Students have no reasonable expectation of privacy in the contents of any device confiscated as a result of violation of this policy where school officials have reasonable suspicion that the student has violated a school rule or law.
- The administration reserves the right to conduct an electronic communication device search if there is reasonable suspicion of misconduct or violation of school rule or law.
- St. Patrick School will not be responsible for lost or stolen electronic communication devices.

Use of electronic communication devices for medical reasons may be granted on a student-by-student basis. A student granted this permission must use the electronic communication device solely for the purpose of the medical condition and consistent with the above policy.

CHROMEBOOKS AND @stpatrick.school AND @stpatsmi.com STUDENT ACCOUNTS

- Chromebooks provided by St. Patrick School to students are the property of St. Patrick School and the use of such accounts shall be consistent with St. Patrick School Code of Conduct and the moral standards set by the Roman Catholic Church.
- @stpatrick.school and @stpatsmi.com student accounts are the property of St. Patrick School and the use of such accounts shall be consistent with St. Patrick School Code of Conduct and the moral standards set by the Roman Catholic Church.
- Chromebooks and @stpatrick.school and @stpatsmi.com student accounts are monitored and, in some cases, electronically recorded. Students have no reasonable expectation of privacy in the contents of any Chromebook, @stpatrick.school and/or @stpatsmi.com student account.

If a student is in violation of this policy and/or when school officials have reasonable suspicion that the student has violated a school rule or law, the contents of the student account will be examined, electronically copied, recorded, and retained. Said student's use of the account may be terminated or restricted at the discretion of the Administration of Saint Patrick School. Additional discipline may also be administered up to and including expulsion from Saint Patrick School.

Any electronic communications device privately owned and connected to the Saint Patrick School and Divine Grace Parish Wi-Fi networks must be used in a manner consistent with Saint Patrick School rules, and the Moral Standards of the Roman Catholic Church. Persons using said network have no reasonable expectation of privacy in the contents of any device connected to said network. If any person is in violation of this policy and/or when school officials have reasonable suspicion that a person using said network has violated a school rule or law, the contents of the device connected to the network may be examined, electronically copied, recorded, and retained. Inappropriate use of the network may result in the termination or restriction of use, at the discretion of the administration of Saint Patrick School, and Divine Grace Parish. Additional discipline may also be administered.

HAZING:

State law prohibits hazing activities of educational institutions and provides penalties. Hazing is defined by law as an intentional, knowing or reckless act that was directed against an individual that could endanger the physical health or safety of the individual, and that was done for the purpose of affiliation with, participation in, or maintaining membership in any organization.

Saint Patrick School will not be held responsible for any items lost or stolen from student lockers or desks.

The law also requires that the student’s parent or guardian be notified. “Dangerous weapon” includes a firearm, dagger, dirk, stiletto, knife with a blade over three inches long, pocketknife opened by a mechanical device, iron bar or brass knuckles.

State law calls for permanent expulsion of a student, subject to limited reinstatement for possession of a dangerous weapon.

Depending on the nature of the weapon, the local police department shall be notified immediately and if possible, the student detained whenever the school has reason to suspect a student may have a weapon or when a weapon is present on school premises.

Any student found in violation of this policy is subject to disciplinary action, up to and including expulsion (permanent dismissal).

VOLUNTEERS, PARENTS, AND OTHER VISITORS:

Volunteers are an essential part of our school environment. Some of the areas where parents regularly volunteer include classroom helpers, library assistants, clubs, and competitions.

Volunteers in our school are required to complete a “Criminal Background Check”, undergo the “Protecting God’s Children” training

workshop, and complete the Orientation Guide for Volunteers.

All volunteers, parents, or visitors should **sign in at the school office** before visiting the classroom, going on a field trip, or attending other business on school property. When you are finished for the day, please sign out. This is important for the safety of our students and staff as well as insurance requirements.

Volunteers are not allowed to check student work and/or record grades or test scores.

For everyone's safety, we must ask that younger children and preschoolers be left at home while you are volunteering. When the school invites younger siblings to special events such as Halloween parties, please sign them in at the office.

To avoid any disruption of your child's classroom, arrangements should be made with your child's teacher beforehand if you wish to observe a classroom. If you are waiting for your child at the end of the day, you are asked to wait outside the school office.

Volunteers doing copying, cutting, or other activities that do not require student contact will find the necessary items in the appropriate teacher's inbox located in the school office. When you are done, please leave the finished work in the school office.

If you need to speak with your child's teacher about your child's performance, positive or negative, please do not use your volunteer time as conference time. Schedule time when the supervision of our students will not be affected. This includes field trips.

All requests for student visitors from other schools must go through the school office and be initiated by a parent.

(Archdiocesan Policy #5005)

CONCUSSION AWARENESS:

In compliance with Public Acts 342 and 343, all students and parents receive concussion awareness information and are required to acknowledge receipt of this information. The signed acknowledgement form will be kept on file until the student reaches age 25.

COVID-19: See Addendum B

EMERGENCY FORMS:

Emergency forms are required for each student. These are to be filled out the first week of school each year and returned to the school office where they are kept on file. We ask parents to keep us informed of any changes in information such as phone numbers, addresses, doctors, or parties to be contacted if parents are not available. Students will be released only to the individuals listed on this form.

HEARING AND VISION TESTS:

These tests are provided each year to selected grades by the Monroe County Health Department. Kindergarten students are required by the Health Department to have a vision test before entering kindergarten.

INJURIES AND/OR ILLNESS AT SCHOOL:

If a child is seriously injured or becomes ill at school, parents will be notified immediately. It is the parents' responsibility to be sure all

information on the emergency card is current.

ILLNESS AND IMMUNIZATIONS:

Michigan law requires compliance with certain physical examinations and student immunizations. In addition, schools shall follow the regulations of the local public school district and/or the local governing health department regarding health observations, physical assessments, screening tests, and immunization requirements of students and students newly entering their schools.

Michigan law requires all students enrolled in a Michigan school to have a certificate of adequate immunizations no later than the first day of school or they will be excluded from school premises until proof is presented or a waiver is signed.

The Michigan Department of Education, in cooperation with the Michigan Department of Community Health, is required by law (2005 PA 240, MCL 380.1177a) to develop and make available to schools' information on Meningococcal Meningitis. The vaccination itself is not required but parents of 6, 9, and 12th graders must be sent a Meningococcal Meningitis information sheet. This information sheet can be found at the end of this handbook.

Parents are required to report all absences to the school office if their child has a communicable disease (i.e., Chicken pox, Mumps, Measles, Scarlet fever, Strep throat, Pink Eye, Head lice, Fifth disease, etc.). The school office is required by the State to report all communicable diseases to the local health department.

It is the responsibility of the parents/guardians to call the school office to report an absence for each day that the student is absent.

If a child has complications due to an illness or injury, special arrangements must be made for the student to be excused from any part of the daily routine such as gym, recess, etc. A signed and dated note from the parent stating the reason and limits of participation is required. If non-participation will be for more than one or two days, a doctor slip should be provided stating the limitation and time frame.

Revised March 31, 2014

IMMUNIZATION WAIVERS

In 2014, Michigan modified the administrative rules that changed how non-medical waivers for immunization. Effective January 1, 2015, new rules were enacted for the Michigan school and licensed childcare immunization rule for claiming a nonmedical waiver for immunizations. The new rule requires parents/guardians who want to claim a non- medical waiver to receive education from a county health department about the benefits of vaccination and the risk of vaccine preventable diseases and provide an original signed, current 2017 Nonmedical Waiver form to the school.

LOCAL WELLNESS POLICY:

Saint Patrick School is committed to creating a healthy school environment that enhances the development of lifelong wellness practices to promote healthy eating and physical activities that support student achievement.

MEDICATION:

It is the responsibility of parents and/or guardians to inform the principal and appropriate teachers if a student is subject to any medical need that requires regular or periodic attention while at school.

School personnel will not dispense or administer any medicine to the students. If prescription or non-prescription medicine must be taken during school hours, the principal or his/her designee will supervise the taking of the medicine by the student, following the Archdiocese of Detroit Policies and Guidelines below.

Under the Archdiocese of Detroit School Policies and Guidelines, only prescription medication, in the original container, with specific dosage times falling during the school day will be dispensed in the school office. To dispense medication, we must have the following on file:

1. A signed, permission release form from the parent/guardian.
2. A signed physician's order for all medications including prescription and non-prescription indicating drug name, dose, time, and method of administration/duration (length of time for medication to be dispensed).
3. To avoid errors, it is the responsibility of only one school administrator or designee to supervise the taking of medication. An additional adult shall be present whenever medication is taken so two adults witness the taking of medication. A record of date and time the medication is taken and who was present should be kept.
4. All medicine should be clearly labeled with the student's name and dosage on the container. School should supervise only the taking of medication that has appropriate written approval and instructions for dispensing.
5. Top priority is given to the security of the medication.

2000 Public Act 10 requires as a condition to permitting the student to possess and use a metered dose inhaler or dry powder inhaler for the relief of asthma symptoms while at school or on school sponsored activities. A written approval from the student's physician and parents, which allows the student to possess and use the inhaler is required. The building administrator must receive a copy of this written approval and must notify each of the student's classroom teachers of this situation. A school may request that an extra inhaler be on hand in the office, but the school may not require parents to provide an extra inhaler. A filled prescription is the same as a doctor's order and should be accepted by the school, along with the parent's part of the form, if it is clear that the medication needs to be taken during school hours. No drug substance should be in a student's possession except an inhaler and emergency allergy Epi-pen. All medication, prescription or over the counter, is subject to the policy on dispensing medication and the release form, including the doctor's approval and parent's liability waiver.

Parents may administer medicine to their own child at the school office.

(Archdiocesan Policy #5010)

PESTICIDES:

As required by the Michigan Department of Agriculture, parents have the right to be informed of any pesticide application made to the school grounds or buildings. An Advisory to Parents form is sent home at the beginning of the year with the student-parent Handbook. This allows you to receive prior notification when pesticides are applied.

Please return this form to the school office to receive prior notification.

PREGNANT STUDENTS:

The Church's teachings affirm and support human life. Policies developed by Saint Patrick School will therefore safeguard human life and support the pregnant student in a sensitive and loving manner. Adopted policies include (1) An uninterrupted academic educational program supported by counseling for one or both parties. (2) Support for the student by enhancing her self-esteem and self-concept, both for her sake and that of the unborn child. (3) Address pregnancy in the same context as any other physical conditions that may impact school attendance and participation in activities such as physical education, athletics, etc.

(Archdiocesan Policy #5012)

PROTECTING GOD'S CHILDREN:

The Archdiocese of Detroit has required criminal history background checks of all church personnel, both employees and volunteers, who have contact with children, elderly people and people with disabilities. The Archdiocese has mandated that these checks begin on September 2, 2003. All employees and volunteers are also required to attend and participate in a workshop. The aim of this workshop is to educate church employees and volunteers to be more aware of the possibility of sexual abuse in the various groups with which they work. This massive undertaking is in the keeping with the implementation of the Archdiocese of Detroit's Policies and Procedures Regarding Sexual Abuse of Minors by Priests, Deacons, and other Church Personnel. These policies, procedures, and related materials can be found on the web and are available for download at www.aodonline.org, select Inside the Archdiocese, Policies and Procedures. For more information call 313-237-5947. You may go online to view the schedule of upcoming workshops or register for a workshop by visiting www.virtus.org.

SCHOOL ACCIDENT INSURANCE:

All students are covered by Student Assurance Services under the plan with the Michigan Catholic Conference while at school. This additional insurance supplements a family's existing coverage or assists if there is no health insurance.

Twenty-four-hour coverage may be purchased through Student Assurance Services

SNACKS/WATER BOTTLES:

Studies show that food in the stomach helps the brain function better. We encourage all students to eat a healthy breakfast before coming to school. Students may also bring a small healthy snack for the morning. To encourage an adequate supply of liquids, students may bring unbreakable water bottles to use during the day. Please do not send in pop, juices, etc. in the water bottles.

SECTION E – EMERGENCY PROCEDURES

FIRE, TORNADO AND SHELTER-IN-PLACE (LOCKDOWN) DRILLS:

Each school shall comply with the Michigan Statutory Requirements and the local fire departments regarding fire/exit drills, fire safety, fire warning and alarm systems, fire extinguishers, and avoidance of fire hazards. (Archdiocesan Policy #6003).

State law requires fire, tornado, and shelter-in-place (lockdown) drills every year. Students are taught how to respond to potential emergencies in school with regular practice drills. Visitors and volunteers who are in the building when a drill takes place need to follow the safety directives as well. Exit routes are posted in each room for fire and tornado emergencies. (Archdiocesan Policy #6004)

NUCLEAR EMERGENCY:

Detroit Edison in cooperation with the Monroe County Office of Civil Preparedness and the Emergency Management Division of the Michigan Department of State Police have designed the following procedures in case of a nuclear emergency.

1. Schools have their own evacuation plans, so do not attempt to pick up your child(ren) at Saint Patrick School.
2. Saint Patrick students would be transported by bus to Lincoln Middle School in Ypsilanti Lincoln School District. This school is located beyond the emergency zone and would act as a "host" school for Saint Patrick children, where parents are to pick up their children.
3. After 8:00 PM the host school will be closed, and remaining students moved to Milan High School. "Authorization for Student Pick-Up" forms will be sent home the first week of school and must be returned immediately.

WEATHER CANCELLATION OR DELAY:

If school is closed or delayed because of inclement weather, the communication system will be activated with a phone call and/or email. In general, we follow the decision of the Airport School District.

ADDENDUM A

VICARIATE OF MONROE CATHOLIC SCHOOLS ALCOHOL AND OTHER DRUG USE/ABUSE POLICY

PHILOSOPHY: The Vicariate of Monroe Catholic Schools considers substance, chemical and alcohol abuse a serious social problem. We recognize that the problem is community-wide, resulting in consequences which impact the school (students, faculty, and families). Our schools will reach out and offer help to any student or staff member who has a problem with substance abuse. We affirm that chemical dependency is a chronic, progressive disease that touches all persons in the dependent's life. We know from experience that treatment is available, and recovery is quite possible.

We commit ourselves to facilitating the process of recovery in any reasonable way.

Therefore, our school pledges to provide firm, yet compassionate support and action to any member of our community who is affected by alcohol and/or drug use/abuse.

Finally, we are aware of the power and allure that alcohol and other drugs hold. We commit ourselves to do everything reasonable to keep our school and events free of alcohol and other drugs. We will deal swiftly and firmly with anyone bringing these substances into our schools or school-sponsored activities.

We have set forth a standard of no alcohol or other drug use for all our students. We commit to offer support and assistance to those members of our community who choose to live their lives free of alcohol and other drugs.

DEFINITION OF TERMS:

ASSISTANCE COORDINATOR (STUDENT OR STAFF): The administrator/counselor/professional who establishes and implements the Student Assistance Program in a school or agency. This person develops policy, works with qualified staff, and handles referrals and is primary contact person for issues involving student or staff use/abuse.

CHEMICAL ASSESSMENT: An information gathering and investigation of the extent of alcohol and other drug use/abuse involvement in a person's life (student, faculty, staff, parent). This assessment will be considered valid when done by a qualified professional specializing in substance use/abuse.

DRUGS: This includes alcohol or alcoholic beverages in any form; illegal drugs including but NOT limited to those substances defined as "controlled substances" anabolic steroids, human growth hormones or other performance-enhancing drugs; substances purported to be illegal, abusive or performance enhancing (look-alike); prescription or over-the-counter substances. Michigan's Department of Community Health maintains a list of banned substances based on the policies of the NCAA. This list can be found quickly by googling "NCAA banned substances".

DRUG-RELATED PARAPHERNALIA: Any articles used in connection with the consumption or ingestion of alcohol or other drugs or supporting the ingestion or consumption of said drugs by word or picture.

LOOK-ALIKE DRUGS: Any substance which represents a controlled substance in nature, appearance or effect will be treated as a "drug". Imitation controlled substances are those that would lead a reasonable person to believe that the substances are a controlled substance.

MOOD MODIFIERS: Substances purchased with or without prescription which alter the mood and functioning of an individual.

SUPERVISED TREATMENT: The in- or out-patient treatment programs and services for chemical dependency, provided by trained professional through a hospital or licensed treatment facility recommended based upon the outcome of a Chemical Assessment.

SUPPORT GROUP: A small (3-5 member) group which has a common element and concern convened to offer help and affirmation to members while learning and exploring issues of common concern together.

TREATMENT PROVIDER: A hospital or licensed agency that administers care and treatment for those with chemical dependency.

In order to ensure the highest possible standards of learning as well as the safety, health and well-being of students, staff, and families in our community, the Catholic Schools of the Vicariate of Monroe, guided by Christian principles recognizing the dignity of each person, endorse a substance abuse policy which will: aide and encourage students to abstain from the use/abuse of alcohol and drugs, intervene immediately when student use is detected, take corrective disciplinary action when necessary to staff or students, and to work with the involved Treatment Provider to support aftercare for students, staff, and family members.

The Catholic Schools of the Vicariate of Monroe will provide students with information and activities focused on preventing students from using alcohol and drugs. Prevention activities will be within the instructional program, as well as in guidance and counseling, religious programming, athletics, and all aspects of our school family and community involvement. The intervention instituted by our schools will recognize that chemical dependency is a disease and shall be treated as such.

Discipline policies are designed to provide all students with an environment free of alcohol and drugs. Students shall not possess, sell, or use drugs, or alcohol, unauthorized medication, or drug-related paraphernalia. Students shall not be under the influence of drugs, alcohol, or looked-alike drugs on school premises or at any school sponsored activity.

These policies will meet the requirements of the Archdiocese of Detroit, while emphasizing the disease aspect of dependency.

Possessing or using alcohol or drugs, abusive chemicals, or look-alikes, unauthorized medication (prescription or over-the-counter), or drug related paraphernalia will result in disciplinary action. When violations of the law are involved, law enforcement agencies can be notified. Exceptions to a disciplinary procedure must be reviewed and approved by the officials of the schools.

STUDENT PROGRAMMING:

PREVENTION: The goal of the Catholic Schools of the Vicariate of Monroe is to promote healthy, happy, holy lifestyles for our school communities. To accomplish this, we shall support programs that instill respect for healthy mind and body. Students will learn how the body functions, how personal habits contribute to good health, and how drugs affect the body. The involvement of parents and other community members is essential for the success of our prevention activities.

Instructional programs will assist students in making responsible decisions about the use of alcohol and drugs. Current and accurate information about alcohol and drugs and their effects upon the body is but one component of the prevention program. Other components include instruction and skill development related to self-esteem, goal setting, decision-making, and development of communication skills.

At the elementary level, all disciplines will assume responsibility for providing instruction about the prevention of drug and alcohol use/abuse. Special emphasis will be found in health, science, and religion areas. Teachers will participate in training programs to enhance their skills in the areas included in prevention instructional programs. The Catholic Schools of the Vicariate of Monroe commit themselves to planning and conducting periodic training sessions for teachers, and to encouraging teacher attendance at community planned programs.

Guidance and counseling personnel will assist teachers with the identification of high-risk students. Counselors/administrators will work with students, and families to maximize the efforts of the school for instruction and treatment. Programs will be offered to parents and other community members to ensure that the community is aware and knowledgeable of services available to them and their children.

INTERVENTION: The Catholic Schools of the Vicariate of Monroe have set a strategy aimed at eliminating drug and alcohol use/abuse by students. Full use of the opportunities and services provided by Monroe County Intermediate School District will be utilized, as will any available community resources available to the Catholic Schools members for assessments, referrals, and treatment programs. All intervention and discipline situations will be covered by normal rules of confidentiality to protect the dignity of the individual. Specific procedures are as follows:

1. A staff member witnessing the sale, use, possession or distribution of alcohol, other drug or drug-related paraphernalia shall report the incident, immediately, to the administrator.
2. The administrator shall immediately
 - a. inform parent/guardian of the event (by phone)
 - b. establish a parent/guardian conference within 24 hours, or as soon as possible, of the incident.
 - c. Include in this conference, counselor, or other professionals at discretion of administrator
 - d. gather data from staff members (that which can be documented) prior to conference.
3. In the case of a student who is under the influence of alcohol or drugs, has alcohol on his/her breath or who is in possession of alcohol or other drugs or mood modifiers, or having on his/her person drug-related paraphernalia, parents shall be notified and required to remove the student from the school until the conference is held.

The conference will be used to set a course of action to remedy the situation depending on the severity of the offense, the cooperation of the parents, and the attitude of the student. Actions may include, but are not limited to:

4. suspension until a parent/guardian conference occurs
5. student participation, with parent/guardian approval, in a support or treatment group
6. compliance with recommendations of the above specialist regarding treatment.

Failure of parent/guardian to cooperate with procedures will result in expulsion/exclusion/exclusion of the student in compliance with policy mandates of the same procedure with the understanding that further violation will result in expulsion/exclusion.

The administrator will provide the parent/guardian with information regarding assessment providers. The administrator will verify that appointments are made with assessment providers. Parent/guardian will assure that a copy of the recommendations from the assessment will be provided to the administrator. If treatment is entered, the administrator and treatment provider will assess progress and assist in re-entry to the school setting.

If the initial situation is presented as a medical emergency, the school will respond as it would in any medical emergency, contacting parent/guardian, ambulance transport, etc

Procedures for emotional trauma such as suicide threats, and other unusual emotional behavior will be handled by the administrator or counselors who will forward such cases to the appropriate licensed agency.

DISCIPLINE: Enforcement of “punishment” for drug/alcohol related situations will be used to assure the safety of all students, while assuring the appropriate treatment for the individual. Parent/guardian and student cooperation is not forthcoming, the student will be expelled/excluded. If laws are violated, the appropriate law enforcement agency can be contacted by the administrator. Distinction will be made between those seeking help, and those observed violating the law. Students seeking help for use/abuse of drugs/alcohol will be referred to the appropriate agency, support group, or counselor by the guidance/administrative official of the school.

When suspected drugs are found, the item will be secured in an envelope, marked with the DATE, TIME, and LOCATION when/where the suspected drug was found. The envelope will be sealed and initialed, then secured until it can be turned over to the appropriate law enforcement agency.

Students in possession of drug related paraphernalia or who use, possess, or are under the influence of alcohol, narcotics, or other drugs including look-alike drugs during school hours or at school – sponsored activities are subject to immediate suspension and/or expulsion/exclusion.

First Offense: The administrator

1. may notify appropriate law enforcement/juvenile agency if circumstances warrant
2. shall notify parent/guardian of the situation and set an immediate conference with them
3. shall suspend the student for violation of policy for appropriate number of days with expulsion pending
4. an assessment is required within five days (by license provider) and report made to administrator.
5. parent/guardian and student must agree to fulfill the recommendations of administrator to be readmitted. If student or parent/guardian refuse to agree, expulsion/exclusion will occur.

Second Offense: The administrator shall implement #1 and #2 above. Expulsion/exclusion may occur.

Distributing/Selling of narcotics, alcohol or other drugs or look-alikes shall result in expulsion/exclusion.

Paraphernalia associated with drugs sold or distributed, shall be treated as possession/sales of alcohol, narcotics, drugs or look-alikes (see above).

EXTRA-CURRICULAR ACTIVITIES: Students in extra-curricular activities may forfeit the privilege of participation. Guidelines which apply to all student athletics exist in the athletic handbook for the league and the school.

MAKE-UP WORK: The right to make-up assignments missed during a suspension and to be granted credit for that work shall be determined by the administrator after a review of circumstances. When make-up work is permitted, it shall be the responsibility of the student to take the initiative to obtain assignments. It will be the responsibility of the instructor to give and correct assignments. IT WILL NOT be the responsibility of the instructor to provide additional instruction.

AFTERCARE: Primary aftercare responsibility for students returning from a treatment program rests with the parent/guardian, the student, and the treatment program. School staff will work cooperatively with these to facilitate the after-care plan.
(Archdiocesan Police #5009)

ADDENDUM B

COVID-19 PROCEDURES AND POLICIES: The current policy (as of the printing of this document - updated March 3, 2022) is stated below. Please note that the Pandemic has not been officially declared ended and the policies may continue to be refined and updated as the school year progresses.

“This document shall serve as the health and safety guidance for all Catholic schools in the Archdiocese of Detroit (AoD) for the 2021-2022 school year. This guidance is based upon our belief that all students deserve equal access to in-person learning and is guided by our increased understanding of COVID-19: its limited spread in our highly mitigated school settings, current national and local data and research, and increased vaccination rates. Preschool and Latchkey programs that operate in licensed facilities are required to adhere to LARA regulations. The guidance provided in this document may be updated at any time if revisions are made to the Michigan Department of Health and Human Services (MDHHS) guidance for schools. Note: PreK-12 schools may develop and adopt policies that are stricter than LARA, MDHHS, or AOD guidelines.

To support schools throughout the school year, the AOD will provide general parameters and guidance concerning quarantine and isolation activities for positive COVID-19 cases and close contacts, testing, and other health and safety related issues. Our primary goal is to ensure a safe and responsible approach to full in-person learning, while providing schools with the tools they need to navigate and appropriately prepare for the school year.

Schools are encouraged to communicate the health and safety policies and practices to their school communities early and often. The AOD will maintain open communication with the MDHHS regarding any changes in federal and state guidance, vaccine updates, and other critical information required to make informed decisions to prioritize the safety of students and staff in our schools.

Schools remain one of the safest places for students, teachers, and school staff regarding mitigating COVID-19 exposure. Our goal is to give all students the opportunity for safe, in-person learning, five days a week. Catholic schools in the AOD are no longer required to provide a distance learning option for students/families. Each school should determine if/how services and educational programming will be provided if a student must remain home for short periods of time due to illness, isolation, or quarantine.

AOD Catholic Schools COVID-19 Guidance - March 3 2022

I. Health Orders

Schools will follow all state and local Health Department Orders regarding the COVID-19 pandemic, including any mandates or mitigation strategies above and beyond the AoD guidance detailed below.

II. Vaccination

Vaccination against COVID-19 is **NOT** required but strongly encouraged for employees and eligible students, as “an act of love of our neighbor and part of our moral responsibility for the common good.” The CDC and MDHHS state that one way to protect the health of children is to ensure that all eligible populations in a household are fully vaccinated against COVID-19.

III. Personal Protective Equipment (PPE)

Consistent with CDC and MDHHS guidelines, mask guidance for schools will be based on COVID-19 community levels – low, medium, and high. Please check the CDC’s COVID-19 by county tool for information on the risk level of your county and the associated masking recommendations.

Individual schools may put in place additional safety policies, above and beyond AoD guidance, including requiring the use of masks for certain populations and/or in certain scenarios. Schools that implement universal use of masking policies must make exceptions for the following categories of people: children under the age of 2 years, people with disabilities who cannot wear masks, or who cannot safely wear masks because of disabilities as defined by the Americans with Disabilities Act.

IV. Hygiene

Schools should continue to utilize the CDC guidance for cleaning, disinfection, and hand hygiene.

Schools will promote proper handwashing and covering of coughs and sneezes

Schools will improve ventilation by opening doors and windows, using child-safe fans, and making changes to HVAC or air filtration systems when possible

V. Spacing, Movement, and Access

Schools should continue to utilize the CDC guidance for spacing. It is recommended that schools maintain at least three feet of physical distance between students.

Students and staff may travel between classrooms.

School visitors may enter the school building, but limits should still be considered and determined by each school. A log of all visitors is required. Logs should document the date, contact information, and arrival/departure times.

VI. Screening Students and Staff

Parents/guardians should monitor their children for symptoms of infectious illness every day through home-based symptom screening. This approach relies on students and their caregivers to identify when the student might have symptoms of infectious illness.

- Faculty and staff members also should monitor their health for symptoms of infectious illness every day.
- Anyone who is sick or displaying symptoms of infectious illness should not attend school and seek medical care when necessary.**
 - Individuals should get tested if they are presenting symptoms of COVID-19 or are known to have been exposed to COVID-19.
 - As of August 14, 2022 at 4:01 P.M. there is no need for daily student Covid Check-In Form to enter the School. However, as stated above, “Parents/guardians should monitor their children for symptoms of infectious illness every day through home-based symptom screening.”
 - Quarantine Procedures (as of August 14, 2022).
 - Isolation Has COVID-19:** Any individual who tests positive for COVID-19 and/or displays symptoms (without an alternative diagnosis or negative COVID-19 test) regardless of vaccination status must:
 - Isolate at home for 5 days **and**
 - If symptoms have improved or no symptoms developed, may leave isolation after day 5 **and** wear a well-fitting mask, for 5 more days (ending after day 10).*
 - If positive with no symptoms, monitor for symptoms for 10 days as well.
 - Quarantine Exposed to COVID-19:** Personal or household contact, regardless of vaccination status, exposed to someone with COVID-19 (see definition below).
 - Monitor symptoms for 10 days.
 - Test 3-7 days after exposure or if symptoms develop.
 - Wear a mask around others for 10 days after exposure. **
 - Avoid unmasked activities or activities with higher risk of exposing vulnerable individuals. ***
 - Quarantine Exposed to COVID-19:** Other exposure (from community, social, work setting)
 - Monitor symptoms for 10 days.
 - Test if symptoms develop.
 - Consider wearing a mask around others for 10 days after exposure: at a minimum, mask in settings with higher risk of exposing vulnerable individuals. ***

VII. Responding to Positive COVID-19 Cases and Close Contacts

Schools will follow their local health department’s guidance regarding positive COVID cases.

Schools will communicate to parents/guardians and staff that they shall notify school administration immediately of any confirmed case of COVID-19.

Families will be notified of the presence of any **laboratory positive or clinically diagnosed cases of COVID-19 in the classroom and/or school** to encourage closer observation for any symptoms at home.

ST. PATRICK SCHOOL

August 1, 2023

Annual Notification to Parents, Students and Employees:

In 1986, Congress passed the Asbestos Hazard Emergency Response Act (AHERA). The law requires all schools, K-12, to be inspected to identify any asbestos containing building materials. The law further requires the development of a Management Plan, based upon the findings of the inspection, which outlines our intent in controlling the potential for exposure to asbestos fibers in our school.

In the past, asbestos was used extensively in building materials because of its insulating and fire retarding capabilities. Virtually any building built before the late 1970's contains at least some asbestos in pipe insulation and structural fireproofing. We too have buildings that contain asbestos materials. The primary concern arises when these materials begin to deteriorate or become damaged.

The inspection of our school is complete and some asbestos containing materials were identified in our building. The materials are distributed in various locations and include floors accessible to building occupants or students.

Our Management Plan has been drafted and is on file for your review, if you so wish, at the school office at 2970 W. Labo Road, Carleton. It outlines in detail the methods we will use to maintain the materials in a safe manner. Copies of individual building inspection reports are on file at the parish administrative offices as well.

ST. PATRICK SCHOOL

August 1, 2023

Dear Parents and Guardians:

The safety of the school environment where your children spend their day is a top priority. In view of heightened security measures throughout our country, we have met with representatives of Monroe County's local school districts, parochial and independent schools, the Monroe County Intermediate School District, community law enforcement agencies, and the Monroe County Emergency Management Division and have made preparations to respond appropriately to an external threat.

The federal government has established the Homeland Security Advisory System to oversee procedures that will protect citizens throughout our nation. When our country is under a high alert, we are asked to be alert, but the business of everyday life should continue as usual. In the case of a severe alert, we are asked to increase security measures; however, the schools will not close unless directed to do so by the Emergency Management Division. Likewise, if a severe alert is announced during evening hours when school activities are taking place, these activities will not be cancelled unless the Emergency Management Division requires cancellation.

If a severe alert is declared, do not panic. Stay as calm as possible.

We want to let you know how you can help us in the event of an emergency. Please follow these guidelines:

1. First, ensure your own safety.
2. Know that your children are safe and sheltered in place; do not come to school.
3. Do not call school; this will tie up emergency lines that must remain open.
4. Listen to the radio or television for current information and instructions. The media, websites, and specific hotlines will be activated for communication. If possible, you may wish to log on to your school district's website (www.acspublic.com).
5. If your child's stay at school is extended beyond the regular time, you will receive information about the place and time you can pick up your child.

All school districts throughout Monroe County have current and up-to-date safety plans. Your children are surrounded daily by professionals who have dedicated their lives to helping their students; in the event of an emergency, you can count on these caring individuals to keep your children secure.

Our best preparation for any situation is a well-informed community and a coordinated response by local emergency and school officials. We feel that we have taken every opportunity to make these preparations. You can be assured that your children's safety at school is our foremost priority; our school will continue to be the safe haven it has always been.

Thank you for your cooperation as we take these precautionary actions on behalf of our children.

Sincerely,

Carl Lenze
