The St. Patrick School Foundation was started in 2017 in order to provide financial assistance and outside guidance to St. Patrick School. We are a certified 501c3 and 100% of all donations and contributions are used to support St. Patrick School. We like to consider this foundation and our board as a team of people in place to serve our principal and teaching staff; with the goal of overall improvement for the school. Our board members serve on a strictly volunteer basis, so it is important to understand that 100% of our energy and financial contributions go to the school. If we do any fundraising, if we received any donations or earn any money, 100% of our savings will go to St. Patrick School.

### Interested in making a donation?

We are a certified 501c3 and 100% of all donations and contributions are used to support St. Patrick School. Donations can be made directly on our website.

### Foundation Funding Initiatives:

Over \$220,000 donated to help our students and staff with their educational goals and school experience since 2017.

## Our Mission

Bringing success to the children of St Patrick School while improving each student spiritually, while providing top line education and the latest technology advances for each child.

The foundation board will work to responsibly grow our current investments while raising additional funds to support our vision.

We do this through various fundraising efforts including the annual school auction raffle. This site is dedicated to furthering those efforts through sharing, communication and transparency. We invite you to join our mission and help make Catholic education accessible and affordable for our community.
